Interprofessional Core Curriculum

Radiation Therapy: A Pediatric and Breast Cancer Perspective

Learn about the use of radiotherapy to treat children with cancer and women with breast cancer by attending:

Principles and Practices of Radiotherapy

an interactive and interprofessional education workshop designed to improve collaboration and communication among healthcare professionals who care for patients living with cancer.

Wednesday, June 10, 2009, 4:00 – 8:00 PM
IWK Health Centre, 5980 University Avenue, Halifax, NS
Parker Reception Room
Please arrive 15 minutes prior to the start time of the workshop.

Facilitators:

Bruce Crooks, Pediatric Hematologist/Oncologist, IWK
Rob Rutledge, Radiation Oncologist, CH
Shari Beaton, Radiation Therapist, CH
Paula Murphy, Clinical Resource Nurse, Hematology/Oncology/Nephrology, IWK

Session will be available via videoconference in Bridgewater (South Shore Regional Hospital – Room Peds MPR), Pugwash (North Cumberland Memorial Hospital) and Sydney (Cape Breton Regional Hospital), with a limited number of participants at each site.

This program has been accredited by Dalhousie University, Continuing Medical Education and the Division of Continuing Pharmacy Education. For credentialing details, please see the registration form.

Space is limited – please register early.

To register: Fax the registration form on the back of this page to Cancer Care Nova Scotia at 902-473-6412, Attention: Allison MacDonald.

Registration form is also available at: www.cancercare.ns.ca

☐ Bridgewater (SSRH) ☐ Pugwash (NCMH) ☐ Sydney (CBRH)

As an accredited provider, Dalhousie University, CME designates this continuing medical education activity for 3.5 credit hours for MAINPRO M-1 of the College of Family Physicians of Canada and reciprocally for the American Academy of Family Physicians. This event is an accredited group learning Section 1 activity as defined by the Maintenance of Certification Program of the Royal College of Physicians and Surgeons of Canada and reciprocally for AMA Category 1 of the Physician’s Recognition Award.

This program is accredited for 3.5 CEU’s by the Division of Continuing Pharmacy Education, College of Pharmacy, file number CED-2009-012.

The College of Registered Nurses of Nova Scotia has adopted a continuing competence program, “Building Your Profile,” to assist registered nurses with a mechanism to maintain their ongoing competence. Registered nurses, in identifying their learning needs around the care of oncology patients and their families, will benefit from this educational program that engages them in reflective practice and the integration of learning into their practice.

CCNS collects and uses your above information for administrative purposes related to this session. For physicians only: this information is also provided to Dalhousie CME for CME credit. CCNS retains this information for follow-up with participants (this may include contacting you for research and evaluation purposes) and to keep a history of an individual’s participation in CCNS educational programs. CCNS does not use or share any individuals’ information for other purposes without obtaining the individual’s consent. CCNS Privacy Statement is available on our website.

Space is limited – please register early.
